

BACK TO BASICS

ENSURING PROSPERITY & SECURITY FOR EVERY UTAHN

Utah is a state built on hope, resilience, and the promise of opportunity for all. As we grow and thrive, our mission is clear: to ensure that every Utahn—no matter where they live or who they are—has access to the basics that create a meaningful life. We envision a brighter future where every family feels secure, supported, and empowered to pursue their dreams.

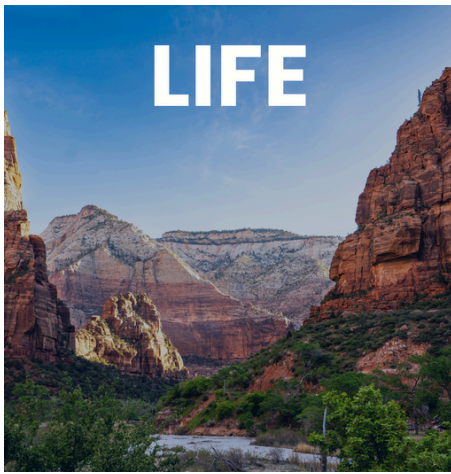

As Utah experiences unprecedented growth and economic success,
we must ask:

WHO IS UTAH'S ECONOMIC GROWTH FAILING?

True prosperity should lift everyone, yet too many working families are grappling with food insecurity, unaffordable housing, inaccessible healthcare, underfunded schools, childcare shortages, inadequate public transportation, and deteriorating air quality. These struggles highlight the growing divide between those who benefit from economic progress and those who are excluded.

For years, the Utah Senate Democrats have stood as champions of your freedoms and advocates for equity. In 2025, we are reaffirming that commitment by going back to the basics. This legislative session, we're focusing on the essentials—what every Utah family needs to live with dignity, security, and opportunity.

GROUNDING IN THE PRINCIPLES OF LIFE, LIBERTY, AND THE PURSUIT OF HAPPINESS, OUR CAUCUS IS FIGHTING FOR A STRONG FOUNDATION THAT ENSURES EVERY UTAHN HAS ACCESS TO THE NECESSITIES OF A GOOD LIFE.

LIFE: PROTECTING HEALTH AND SAFETY

- Guarantee access to affordable healthcare and mental health resources, including targeted prevention and assistance programs.
- Address food security to ensure every family—especially children—has access to nutritious meals.
- Protect public health by ensuring clean air, safe water, and sustainable environmental practices.
- Strengthen public safety with community-first solutions that build trust and protect all Utahns.
- Honor and preserve Utah's public lands as sacred spaces and historical life of Indigenous communities.

LIBERTY: SAFEGUARDING RIGHTS AND EXPANDING OPPORTUNITIES

- Defend constitutional freedoms and promote equity and justice for all.
- Protect personal privacy and prevent undue government interference in private life.
- Ensure a free, fair judicial system and push for meaningful criminal justice reforms.
- Foster safe, supportive communities by preventing abuse and providing victim resources.
- Stand against targeting or discrimination based on identity, background, or beliefs, ensuring all individuals feel safe, valued, and protected under the law.

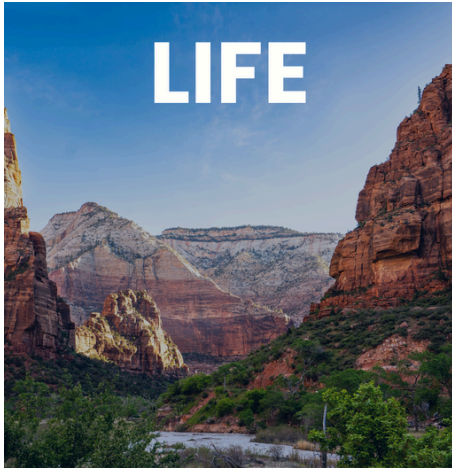

PURSUIT OF HAPPINESS: BUILDING THRIVING COMMUNITIES

- Expand affordable housing options and create compassionate community resources to those experiencing homelessness.
- Build an economy that works for everyone by ensuring fair working conditions and equitable opportunities.
- Invest in workforce development, affordable childcare, and resources that support working families.
- Invest in strong, inclusive public education to prepare families and future generations for success.

We are focused on a vision where prosperity and opportunity reach every Utahn—no exceptions. By going back to the basics, we are working to build a state that guarantees the essentials for all: a secure home, a healthy life, the freedom to grow, and the opportunity to succeed.

Together, we can create a Utah that truly serves EVERYONE.
